Course Framework

Course Title	French II Honors
Grade Level	9, 10, 11, 12
Semesters	2
Prerequisites	A (-) or above in French I Reading score in 85 th percentile Teacher recommendation
Course Description	French II Honors is an enriched course, designed to provide more opportunities for rigor and challenge within the French II curriculum. This year-long course will provide students with additional opportunities to develop their linguistic, cultural and analytic skills as they progress towards fluency. Honors enrichment will include in-depth use of vocabulary in context, longer and more challenging readings, cultural and creative opportunities to put the language into use and monthly journal entries. Students will progress in communicative competency in French in three areas: interpersonal, interpretive and presentation. Students will demonstrate knowledge and understanding of other cultures and make connections and comparisons between their culture and those of French-speaking countries.
