Job and Volunteer Opportunities

SUMMER JOB OPPORTUNITY!

Rollins Aquatic Solutions, Inc. (RAS) was formed in 2007. With over 30 years of experience in pond and lake management, RAS is a leader in the industry. RAS provides services to maintain healthy waterways including retention and detention basins, irrigation ponds, and large recreational lakes. These services include application of herbicides to control nuisance aquatic vegetation, aeration/fountain sales, installation, and maintenance, dock sales and installation, shoreline restoration, goose deterrents, dredging and installation of fish habitats and fish surveys. Aquatic Management Field Specialists will be responsible for inspecting waterways and making an educated decision as to what herbicide to apply to maintain control of unwanted aquatic vegetation. Knowledge of application rates will be necessary. Field Specialists will then apply the herbicide via backpack sprayer, ATV, or boat. The majority of work will be performed outdoors with varying environments and weather conditions. Field Specialists will be operating trucks, ATVs, and boats.

Working Hours: Monday-Friday 7:30am-4:00pm (hours may vary) Possible Weekends Overtime: 1 ½ times regular rate

Skills: • Maintain valid driver's license with impeccable driving record • Must pass Illinois Department of Agriculture General Standards exam • Ability to sit as well as walk for extended periods of time • Carry 75 lb backpack while walking extensively through uneven terrain • Employee needs to be able to work outdoors for long periods of time and perform tasks that may involve a challenging environment • Ability to complete simple math and fill out paperwork correctly Aquatic Management Field Specialist-
