Statement of Purpose

The purpose of Geneva Community Unit School District 304 is to educate students within an environment that encourages the desire to learn and enhances the teaching of skills necessary to meet the unique academic, personal, physical, and social needs of each individual. The school program will reflect the values and ambitions of the community, and every student will be challenged to develop intellectual and learning skills to his/her fullest potential, preparing him/her to become a contributing member of society.

District Vision

Achieve Excellence and Empower Students to Succeed

Educate and prepare students with the **KNOWLEDGE, SKILLS,**
and **PERSONAL QUALITIES** to be productive citizens.

K-5 Philosophy

We believe that the moral, democratic, social, and intellectual growth of every student is essential in our school system. A specific plan of continuity and consistency in programs is necessary for this development. A structured program of essential skills must be provided for everyone.

We believe that all children have individual talents and skills and that the educational process must provide for these differences.

We believe it is important to foster the creative and intellectual development of each student by nurturing the desire for learning and by providing appropriate educational experiences.

We believe the responsibility for education in our school system should be shared by students, educators, parents, and the community. A communication partnership among these parties is desirable and essential to a productive learning atmosphere. Therefore, it is important to foster positive interactions among administrators, staff, students, and parents.

We believe students should develop positive self-concepts, be responsible for their own actions, and be respectful of others. We have an obligation to promote an involvement in and understanding of our nation's democratic process, as well as an understanding of all world cultures.

We expect that this philosophy will be flexible and open to change in order to meet the future needs of the Geneva Public Schools.

PART I – GENERAL INFORMATION

Admissions

Kindergarten students will be admitted who are five years of age on or before September 1. First Grade students will be admitted who are six years of age by September 1. The following must be presented for enrollment in Geneva 304 schools:

- your child's original birth certificate or a certified copy
- two documents confirming residency in Geneva (a property tax bill; recent utility bill showing address; or a document from closing or a rental lease, free of contingencies
- a photo I.D. of the parent/guardian (driver's license, Visa, passport) for identification purposes only.
- a student transfer form is required from the previous school if the student is transferring from an Illinois public school. All records of transfer students will be secured by the school. Additional forms and paperwork will be required at the building level, including proof of a current health examination, and required immunizations.

If you are experiencing lack of housing upon registration, please contact Jamie Benavides (630) 463-3060.

Boundaries

Students are required to attend the school assigned to the area in which they live unless a special transfer has been formally requested by the parent and approved by the superintendent.

Daily Schedule

Grades K-5 - 7:45 a.m. Arrival

8:00 a.m. Tardy Bell

2:15 p.m. Dismissal

Children should not arrive on school grounds before adult supervision begins at 7:45 a.m. During inclement weather, students may enter the building at 7:45 a.m. and report to their supervised area. Children should go directly home after school. They can return to the playground after they have checked in with home or their childcare provider. All children will be dismissed according to the afternoon bus schedule unless other arrangements have been made with the parents.

Fees

Grades K-5 - \$95.00

Technology: Grades K-5 - \$45.00

Students are expected to take good care of resources assigned to them. Fines will be charged for lost or damaged resources.

Additional mandatory fees vary by grade level and attendance center.

A list of additional personal supplies – such as paper, pencils, and crayons – needed by each student will be given to parents at the time of final registration. Supply lists will also be published on the individual schools' websites.

Fee Waiver

In order that no student is denied education services or academic credit due to the inability of parents/guardians to pay student fees and fines, fees are waived for students who meet the eligibility criteria for a waiver as described in Geneva CUSD 304's Board Policy 4:140: Waiver of Student fees.

During registration, fees for all students will be billed to their PushCoin account for the full amount. If you feel you may qualify, a Fee Waiver Application must be completed on a household basis. Geneva CUSD 304 asks that parents/guardians complete the paper application and supply the required documentation requested in the application. All applications and documentation can be dropped off at your student's school or sent to:

Geneva CUSD 304
Attn: Business Office
227 N Fourth St
Geneva, IL 30134

Fees will be waived 100% for students with an approved Application for Fee Waiver on file prior to the final day of the first semester.

- If a family experiences a change in household or income status, they may apply or re-apply for a fee waiver at any time throughout the year.
- A family that is paid in full but qualifies for a fee waiver after the start of the second semester, under the above circumstance, will receive a refund of 50% of the fee waiver eligible fees paid to date upon request.
- Eligibility in one year does not guarantee future fee waiver eligibility; therefore, the Application for Fee Waiver must be completed annually following the publication of qualification guidelines from ISBE for the applicable school year.

Eligibility is effective the date the application is received by the Business Office. **Any fees accumulated from past school years are still owed.** If you need further information concerning waiver of school fees, please contact the Business Office at 630-463-3030.

Refunding of School Fees

No school fees will be refunded unless specifically requested by parents or guardians with the following exceptions:

- AP testing fees for tests not taken
- Sports fees for non-participation
- Parking passes that are resold

No refunds will be issued for accounts with a balance of less than \$5.

Fee Refund Procedure:

For students who leave the District during the school year fees*† shall be refunded according to the following schedule (those dropping out or being expelled no refund will occur):

Fees Refunded

Date Enrollment Ends	Registration	Activity	Technology	Course (High School & Middle Schools)	Graduation (High School only)
Thru September 30 th	100%	100%	100%	100%	100%
Oct 1 – Nov 30	50%	50%	No refund	Semester 1 only – no refund Full Year – no refund Semester 2 only – 100%	100%**
Feb 1 – end of year	No refund	No refund	No refund	No refund	No refund

*All schools reserve the right to handle refunds on a case-by-case basis.

**From Dec 1 – Feb 1, no refund for Graduation Fees if the student is an early graduate or will be receiving a Geneva High School diploma.

†Including transportation student paid-rider fee.

For accounts with a credit balance at the conclusion of a school year, the balance will be credited to next year's beginning balance. For any unpaid student balance, PushCoin automatically applies fee payments to the oldest debt first. Any prior year unpaid fees must be paid off before applying to the current year fees.

The PushCoin system processes District payments including student fee payments, food service, school store, field trips and webstore purchases. Refunds for payment or purchases will be made to your student's PushCoin Wallet. Balances in a student's wallet can be used to pay for food service, school store, field trip(s) and webstore purchases. Money in a student wallet can be transferred to "fees" pay for any incurred fees, the parent just needs to transfer the money to the proper account (or request assistance from the school's front office).

Contributions to a student's PushCoin wallet should be made in amounts that can be reasonably expended by the student each school year. No automatic refunds will occur.

Refunds from a student wallet will only be processed when there is a qualifying event: graduation or transfer out of the District. Parent/Guardian of students transferring out of the District must complete a refund request to receive a refund. Graduating seniors, any remaining balance will be transferred to a sibling's account and notice of the credit sent to the parent/guardian of record via email. After receiving the credit notice, the parent/guardian may opt for a full refund if the balance exceeds \$5. If a senior's account has a credit balance in excess of \$5 and no younger sibling is enrolled, a full refund shall be issued to the

parent/guardian of record. No automatic refunds will occur. All refunds will be made by check to the requestor. No refunds will be issued for accounts with a balance of less than \$5.

Lost and Found

Each year the “Lost and Found” box becomes filled with articles of clothing, many of which are never claimed. Please label items such as mittens, boots, hats, and gym shoes. Unclaimed items left at the end of each semester are donated to charity.

Title I Schools

Harrison Street School Elementary receives Title I services and funding due to their TA status.

Every Student Succeeds Act (ESSA) Notice

Qualification of Teachers and Paraprofessionals

Any public school district that receives Title I funds must notify the parents of each student attending a Title I school that the parents may request, and the district will provide upon such request, information about the professional qualifications of the students’ classroom teachers, including, at a minimum, the following:

- a. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- b. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- c. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- d. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Safety, Emergencies, and School Closings

Safety is an especially important part of a child’s education. All State-mandated safety drills will be conducted regularly. Drills include the following:

- Severe Weather
- Earthquake
- Fire
- Law Enforcement
- Bus Evacuation

Emergency School Closings

School will be held on all scheduled days unless announced otherwise. School District administrators make every effort to make the decision to cancel school prior to 6 a.m.

If school is cancelled, parent notification will be attempted in several ways. The school district uses an automated phone calling system to notify parents should school be cancelled. In addition, the information will be posted on Geneva School District’s website – www.geneva304.org – and an email message will be sent to families subscribed to any of the District’s email distribution lists. School closings are also reported to the Emergency Closing Center, which broadcasts the information on the following Chicago stations: WGN-AM (720), WBBM-AM (780), and CBS-TV (2), NBC-TV (5), ABC-TV (7), WGN-TV (9), FOX-TV, and CLTV cable.

Late Start Schedule

The District has created a two-hour late start schedule, during which parents and students can expect buses to arrive at the scheduled pick-up points two hours after their regularly scheduled time. In the event a late start schedule is utilized, class periods will be shortened, and dismissal times will not change. While lunch will be served students are encouraged to bring their lunches from home to help facilitate the shorter lunch period.

Every effort will be made to make a decision regarding school closures or a late start by 6 a.m. If a late start is utilized, please be aware that there is still a possibility that school will be cancelled. Every effort will be made to make this decision by 7 a.m. Late

starts will be announced using the District's automated phone calling system, website – www.geneva304.org, district social media, and all email distribution lists.

The late start schedules are as follows:

Elementary Schools

Drop off will be at 9:45 a.m. with a 10 a.m. school start. Dismissal will remain at 2:15 p.m.

Middle Schools

School will start at 10:35 a.m. Classes will be reduced to 30 minutes, with 25 minutes for lunch. Dismissal will remain at 3:24 p.m. A detailed schedule, broken down by grade and period, is available on your middle school's website.

High School

School will start at 9:40 a.m. Periods 1, 2, 3, 9, and 10 will be reduced to 32 minutes each. Lunch periods 4 through 8 will be reduced to 20 minutes each, making a combined period of 40 minutes. Dismissal will remain at 2:45 p.m. A detailed schedule, broken down by period, is available on the high school's website.

Preschool and Kids Zone

A.M. programs will not be offered; P.M. programs will be in session.

Student Supplemental Insurance

Geneva School District is a member of the Collective Liability Insurance Cooperative (CLIC), an insurance cooperative of 165 school districts in northern Illinois. CLIC was formed to save school districts money in the insurance marketplace. As a member of this insurance cooperative, student accident insurance is provided to all District 304 students. The plan provides medical coverage for all accidents occurring during school-sponsored and supervised activities, including all sports. This supplemental plan pays the reasonable and customary charges **not paid by other insurance** for any covered accidental bodily injury. In the event there is no other family medical insurance, this plan would provide the primary insurance for the covered accident. There is no deductible, and the lifetime maximum benefit is \$5,000,000. In an accident, claim forms can be obtained from the school office. It is the parent's responsibility to request the form and complete the process.

Transfers/Address Changes

If you are moving out of the Geneva School District, please notify your school secretary of the date of your departure and your new address. It is important that your child's records are sent to the next school. Your new school will formally request records when you enroll.

If your address is changing within the Geneva Community School District, it will be necessary for you to log into home access center HAC and upload the necessary documentation. It is important to have current information in case emergencies arise and parents need to be contacted. Please call your school secretary for a change to the phone number or emergency contact.

By law, students can finish the school year in the school where they attended the first day of school even if the family should move out of the school's attendance boundaries. Parents are responsible for transportation.

If a students' change of residence is due to military service obligation of the student's legal custodian. The student's residence is deemed to be unchanged for the duration of the custodian's military service obligation with written request. The district, however, is not responsible for the students' transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District but will be living within the district within six months after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, must not be charged tuition.

Notification of Asbestos-Containing Materials

Through the 1970's, asbestos was used in many building materials until its use was discontinued from many applications. Governmental guidelines were established in the 1980's that require public building owners to periodically inspect and, if necessary, remove asbestos that could pose a potential risk. Properly maintained, asbestos-containing building materials do not pose a health threat. When asbestos must be removed in any District 304 building, it is done by professionals licensed by the Illinois Department of Public Health and disposed of in accordance with federal regulations. District 304 complies with the governmental guidelines. For all buildings erected before 1990, an asbestos management plan and inspection report is available for public review in the school. Also, a complete set of the District's records is maintained in the Director of Facility Operations' office. Should you have any questions or wish to review these records, please contact the Director of Facility Operations at (630) 463-3020.

Use of Pesticides and Herbicides

Geneva School District participates in the Integrated Pest Control Management Program for each school facility. This program uses a variety of non-chemical pest control methods and limited use of pesticide, when needed, to reduce pest infestations and minimize children's exposure to pesticides. Also, the School District does use herbicides to treat the lawn for crabgrass and dandelions. If you need to be notified by District 304 prior to the use of a pesticide, herbicide, insecticide, or rodenticide, please call the office of the Director of Facility Operations at (630) 463-3020. The Director of Facility Operations working with the Technology department will maintain a registry of parents and employees who want prior notification. In addition, the District will post notice of pesticide and herbicide application(s) four business days prior to the action on the "Home" and "Facility" web pages located on Geneva 304's website. (www.geneva304.org)

304 Connects

Parents and/or guardians of Geneva School District students are automatically subscribed to the School District's email distribution list — 304Connects— using the email address on file in Home Access Center. Throughout the year, School District officials send email notices to families subscribed to *304Connects*. Such notices include Board of Education meeting agendas and summaries, public forum invitations, and emergency closing information

PART II – EDUCATIONAL PROGRAM

Academic Program

The curriculum at Geneva's elementary schools is correlated with the Illinois Learning Standards (ILS) and the Common Core State Standards, (CCSS), and includes language arts, mathematics, social studies, science, health, music, art, and physical education. Fifth Grade students are given the opportunity to take part in the band or orchestra. For more information, please contact your child's teacher or principal or visit Geneva School District's web site – www.geneva304.org.

The District's constant effort is toward maximum success for each child. We provide specially trained personnel and a variety of facilities to meet all students' needs.

Homework

Board Policy 6:290 Homework shall refer to assignments prepared outside of school by the student.

Library Media Center

The Library Media Center located in each attendance center is meant to be an inviting place that provides students with reference materials and reading materials to extend their learning. Our goal is to provide books for every reading and interest level. Children are welcome to visit whenever their classroom teacher allows.

Parent-Teacher Conferences

Our goal for Parent-Teacher Conferences is to use this formal opportunity (October and February) to discuss student growth and development academically, as well as socially and emotionally with parents. The Parent-Teacher Conference Wizard (PTC

Wizard) is an online tool to schedule appointments for the October conferences. Information will be provided to parents about the use of this tool at the beginning of the school year.

It is also important for teachers and parents to communicate consistently throughout the school year whenever there is a concern or need to share information regarding a student's progress and/or well-being. We ask that parents contact the teacher directly at any time throughout the year to schedule an appointment to meet in person.

Progress Reports

Progress reports will be provided to parents three times during the school year for all students. Parents may access these reports via Home Access Center <http://www.geneva304.org/homeaccesscenter.aspx>. Please communicate with your school office if you are unable to access the progress report electronically.

These reports are intended to describe the growth and progress of a student based on daily performance and teacher observations. In a context of concern for each student's total development, this progress report is designed to help you see your child's growth as an individual. It is not an assessment of relative standing in a class or grade.

Elementary school is a time and place to gain vital skills and habits that will help students be successful throughout their lifetime. Rather than grades, students will be evaluated on skills that are specific to their grade level.

Multi-Tiered System of Supports (MTSS)

District 304 Guiding Principles of MTSS:

- We believe in providing our students with rigorous curriculum and instruction made accessible with accommodations and/or interventions to maximize student success.
- We believe that MTSS is the practice of collaboratively providing high-quality instruction and interventions matched to student need.
- We believe that MTSS is a continuous process used to make decisions about effective instruction and interventions.

To learn about specific programs designed to meet the varying needs of students, please visit our website at www.geneva304.org.

Problem-Solving Teams

Specific concerns regarding a student's academic, social, and emotional progress and performance can be addressed at regularly scheduled parent-teacher conferences or by contacting your child's teacher and/or principal directly. In addition, each building has established a Problem-Solving Team, which meets regularly to discuss staff and/or parent concerns. This team consists of support staff and classroom teachers familiar with students' academic and social/emotional performance. A formal problem-solving approach is used to develop an intervention plan, which is put into place and monitored. Ongoing communication occurs between school staff and parents throughout this process. Additional information regarding this process can be obtained by contacting your child's classroom teacher.

Acceleration/Enrichment Program (A/E)

District 304's Elementary Acceleration/Enrichment Program offers enrichment and extension opportunities for identified elementary students. Multiple criteria are used to determine placement of students in the A/E Program. The A/E Reading and Math program begins in fourth grade and carries through elementary school. Fourth and fifth grade students will meet with the A/E teacher for their instruction in reading and/or math. The curriculum used in the A/E replacement program parallels the curriculum used in grades four and five but accelerates and extends as the children show instructional competency.

If you have any questions pertaining to the A/E program, you should communicate with your child's teacher and/or principal.

Special Education

In accordance with state and federal legislation regarding the education for students with disabilities, Geneva School District offers a wide range of programs and services to eligible students aged three to twenty-two. Special education programs and services are available to students meeting qualifying conditions within the following categories:

- Developmental Delay
- Deaf-Blindness
- Deafness
- Intellectual Impairment
- Other Health Impairment
- Speech and Language Impairment
- Traumatic Brain Injury
- Visual Impairment (including blindness)
- Autism
- Emotional Disability
- Multiple Disabilities
- Specific Learning Disability
- Hearing Impairment
- Orthopedic Impairment

Students are identified eligible for services under the regulations set forth by the Individuals with Disabilities Education Act (IDEA). If a student is determined to be eligible, learning behavior specialists or speech pathologists will deliver services. Student may qualify for services provided by other related service providers as deemed necessary including speech and language pathologists, occupational and physical therapists, school psychologists, school social workers, teachers of the visually impaired, and hearing itinerants.

Students with disabilities receive special education assistance within the learning environment determined most appropriate: within their home schools and the regular classroom environment; within special education classrooms; or within non-district facilities when alternatives to the public-school setting are needed. In accordance with the provisions of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, Geneva School District has also developed policies and procedures designed to assure an appropriate education to eligible students.

Additional information regarding these programs and services can be obtained by contacting your building principal.

If your child receives special education services and is also Medicaid eligible, Geneva CUSD 304 can seek partial reimbursement from Medicaid for health services documented in your child's Individualized Education Program (IEP). Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve diagnostic and therapeutic services for students. The reimbursement process requires the school district to provide Medicaid with your child's name, birth date and Medicaid number. Federal law requires annual notification of our intent to pursue this reimbursement opportunity. If you object to the release of information to Medicaid for health services documented in your child's IEP, now or at any time in the future, please state your objection in writing and forward it to the Director of Student Services, 227 N. Fourth Street, Geneva, IL, 60134. Regardless of your decision, the District must continue to provide, at no cost to you, the services listed in your child's IEP. This program has no impact on your child's or your family's current or future Medicaid benefits. Under federal law, participation in this program CANNOT: decrease lifetime coverage or any other public insurance benefit, result in the family paying for services that would otherwise be covered by Medicaid, increase your premiums, or lead to discontinuation of benefits or insurance, or result in the loss of eligibility for home and community-based waivers. Your continued consent allows the District to recover a portion of the costs associated with providing health services listed in your child's IEP.

Prioritization for Urgency of Need for Services (PUNS)

Prioritization for Urgency of Need for Services (PUNS) is a database of Illinois children, adolescents, and adults with developmental disabilities who want or need developmental disability services. The PUNS database helps the Division of Developmental Disabilities identify and plan for your services. Registering in PUNS is the first and most important step you and your family can take to receive Home and Community Based Waiver services from the Illinois Department of Human Services/Division of Developmental Disabilities.

Parents who need help understanding the PUNS database, the steps needed to register students, how to contact the appropriate developmental disabilities Independent Service Coordination Agency (ISC), and the documentation and information parents/guardians will need for the registration process, may contact the following Geneva 304 designated PUNS trained staff for assistance:

Shannon DelRe (sdelre@geneva304.org): GHS

Jamie Benavides (jbenavides@geneva304.org): GELP, FES, HES, HSS, MCS, WAS, WES

Melissa Groot (mgroot@geneva304.org): MCS FAST, WAS SLC, GMSN, GMSS

Laura Anderson (landerson@geneva304.org): MidValley Special Education Cooperative (MVSEC), Private Placement

For information regarding PUNS, please visit: [Illinois Department of Human Services - PUNS - Division of Developmental Disabilities](#)

[Understanding PUNS \(pdf\)](#)

[Understanding PUNS - Spanish \(pdf\)](#)

For additional parent/guardian resources, please visit: [Geneva 304 Student Services](#) or [Geneva 304 Transition Resources: Post-Secondary Transition Agencies](#)

Independent Evaluation/Diagnostic Rating Scales

PARENT REQUEST FOR COMPLETION OF DIAGNOSTIC RATING SCALES FOR A PRIVATE EVALUATION:

Procedure:

1. Parent contacts the school requesting a rating scale to be completed.
2. Parent is referred to the building psychologist.
3. Parent completes the Release of Records Form and the "Request to Complete Diagnostic Forms for Evaluation" and gives it to school psychologist.
4. Building psychologist distributes rating scales and assists staff with directions when necessary.
5. Forms are returned to building psychologist. Once all forms are complete, building psychologist will send the forms to the professional completing the evaluation via U.S. mail (if copyright protected), fax or scan/email.

Note: Protocols will not be copied or kept at the school in violation of copyright protections. Parents can request a copy of the protocol from their physician.

Section 504

Section 504 of the Rehabilitation Act is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal funding from the U.S. Department of Education. Geneva 304 provides a free and appropriate education for students who are eligible for a 504 plan by individually designing accommodations/modifications and or services to meet their educational needs in the same manner as their non-disabled peers.

It is important to note that students with a Section 504 plan are considered general education students.

In order to be eligible for services within a Section 504 plan, a student must have a mental or physical impairment that substantially limits one or more major life functions.

Child Find/Identifying Students for 504 plans

Students who are currently enrolled in grades K-12 and attending a District 304 school may be referred for a Section 504 evaluation. This referral may be initiated if a student has a mental or physical impairment adversely impacting the student in the classroom. The outcomes of the Section 504 evaluation will determine if the student is eligible under Section 504 and requires a 504 plan.

504 Plans

A team of individuals that have knowledge of the student develops a written plan that identifies the accommodations/modifications and services a student needs to access the general education.

General Access and Use

TECHNOLOGY - Acceptable Use (Reference Policy 6:235)

Acceptable Use (Reference Policy 6:235)

All use of the District's electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Terms and Conditions

Acceptable Use - Access to the District's electronic networks must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges - Use of the District's electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges.

Unacceptable Use - The user is responsible for his or her actions and activities involving the networks. Some examples of unacceptable uses are:

- a. Using the networks for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law.
- b. Unauthorized downloading of software.
- c. Downloading of copyrighted material for other than personal use.
- d. Using the networks for private financial or commercial gain.
- e. Wastefully using resources, such as file space.
- f. Hacking or gaining unauthorized access to files, resources, or entities.
- g. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of personal information about anyone, including photographs.
- h. Using another user's account or password.
- i. Posting material authored or created by another without his/her consent.
- j. Posting anonymous messages.
- k. Using the networks for commercial or private advertising.
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the networks while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the networks in any way that would disrupt the use by other users.
- f. Consider all communications and information accessible via the networks to be private property.

Under normal conditions, Internet access from District computers is filtered to block entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. It is the user's responsibility (e.g., student, employee, guest) to abide by this policy. For additional information regarding the safeguards in place for students while using District Technology, please visit the [Internet](#)

Safety & Security page: <https://www.geneva304.org/InternetSafetySecurity.aspx>. To ensure the safe use of technology by all stakeholders, it is important that parents, students, and District personnel work together. If you see something, say something.

Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act (See Policy 7:345)

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending on the educational technology used, our District may need to collect several types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals, or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Social Networking Website Access

Notification Regarding Student Accounts or Profiles on Social Networking Websites (Reference Policy 7:140)

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

- School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
- School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. During an investigation, the student may be required to share the content that is reported to allow school officials to make a factual determination.

Additional consequences may be taken if the action falls under the School Code of Conduct.

One-to-One Devices

Student/Parent Portable Device Guidelines (Reference Policy 6:235)

1. RESPONSIBLE USE OF DISTRICT-ISSUED EQUIPMENT

- a. School issued devices should be used for educational purposes. Students must adhere to the Student Handbook, the Acceptable Use Policy, and all corresponding procedures.
- b. While working in a digital and collaborative environment, students should always conduct themselves as good digital citizens.
- c. Students must perform software updates and upgrades, return devices for inspection, or otherwise make devices available as required by Technology Department staff or school administrators.

2. LEGAL AND ETHICAL USE

- a. All aspects of the Acceptable Use Policy and Student Handbook remain in effect.
- b. File Sharing programs and protocols may not be used to facilitate the illegal sharing of copyrighted materials (i.e., music, video, images).
- c. Technology Department staff distribute school-related software to devices. Software may be delivered in multiple ways:
 - i. Silent/background installations which require no user intervention.
 - ii. Self-service installation by users of approved software as made available.
 - iii. Manual installation by Technology Department staff.
- d. Students may NOT allow others to use his/her portable computing device.
- e. Students may NOT share user account information with other students.

3. EQUIPMENT

- a. Ownership - Geneva CUSD #304 retains the sole right of possession of the device and grants permission to use the device according to the guidelines set forth in this Agreement.
- b. Equipment Provided – Device configuration must be maintained and not altered.
- c. Responsibility for Electronic Data – it is the sole responsibility of the student to back up any data stored on the device.
- d. Pick up and return the equipment at the established due dates and times. There may be short periods of time when devices need to be collected for maintenance or other purposes.

4. GENERAL PROCEDURES AND PRECAUTIONS

- a. Students are responsible for the use and care of the device. Treat equipment with great care (keep it clean, avoid excessive heat/cold, keep food/drinks/pets away, etc.). Avoid using devices in situations where damage is likely.
- b. Bring your fully charged, ready-to-use device to school every day.
- c. The device must be secured by the student in his/her possession or stored in their locker.
- d. Device care guidelines:
 - i. Do not use extreme pressure.
 - ii. Heavy objects should never be placed on top of the device.

- iii. Ensure that there is nothing on the keyboard before closing the lid.
- iv. When cleaning the screen, use a soft, dry microfiber or antistatic cloth.
- v. Device must remain free of any unapproved writing, drawing, stickers, and labels.

5. RESPONSIBILITY FOR MAINTENANCE, DAMAGE, REPAIR, REPLACEMENT, AND LOSS

- a. Heed general maintenance alerts and advice from school technology personnel.
- b. Promptly report any malfunction, loss, damage, or theft to Geneva CUSD #304 Technology Department.
- c. In the event of a theft, a copy of a police report related to the incident must be provided to the Technology Department at the time the incident is first reported. Failure to do so may result in additional charges for replacing the device.
- d. The student/parent will be responsible for payment of all applicable repair/replacement fees. If the device, or associated accessories, are lost or intentionally damaged, the student/parent will be responsible for paying the full device replacement cost. A temporary loaner device will not be issued to the student. A new device will be assigned when payment has been received.
- e. Accidental damage incidents – all accidental damage to a school-issued device must be reported promptly to the Technology Department. Students will be asked to provide a statement which describes the events which led to the damage. In any 365-day period:
 - i. **First occurrence:** A temporary loaner device will be issued, when possible, to the student while the damaged device is repaired.
 - ii. **Second occurrence:** Parents will be notified by the student's Dean or Building Administrator of the incident and informed that future damage incidents may result in repair fees up to the full replacement cost of the device. A temporary loaner device will be issued, when possible, to the student while the damaged device is repaired.
 - iii. **More than 2 occurrences:** Damage will be assumed to be the result of neglect or intentional action unless proven otherwise. Parents will be notified by the student's Dean or Building Administrator of the incident. Technology staff will determine the repair/replacement cost and the student/parent will be assessed the repair fee. A temporary loaner device will not be issued until payment has been received for the repair/replacement.
- f. Identification/Asset Tags
- g. Each device will be labeled with a District identification/asset tag. These tags may not be removed, modified, or tampered with in any way.
- h. Students can be charged up to full device replacement cost for tampering with District identification/asset tag or turning device in without tag.

Student Use of Personal Electronic Devices

Student cell phones should be off and in student's lockers throughout the school day unless specifically used for an educational purpose as instructed by the teacher, or as allowed by school administrators.

Student Use of Personal Electronic Devices (Reference Policy 6:220):

The Board acknowledges the increasing prevalence of Personal Electronic Devices (PEDs) in our society and recognizes the value that these technology tools can bring to the learning environment. To that end, the Board fully supports the use of PEDs that enhance and support the learning process and approves their use for instructional purposes. Students may possess PEDs, (e.g., cellular phones, Smartphones, Tablets, iPods, iPads, E-Readers, etc.) on school district property and at school-related functions. Although students may possess these devices, use is restricted and must adhere to the following conditions:

- a. The use of PEDs is supported during school hours for instructional purposes, in case of an emergency, or at any time deemed appropriate by the administration in a building. Use of PEDs is also permitted before and after school hours at all buildings, and, under normal circumstances, permitted while riding to and from school on a school bus or other vehicle provided by the School Board.
- b. Consult student handbook for specific guidelines.

PEDs with cameras or any other recording capabilities may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists, except in case of an emergency. These locations and circumstances include, but are not limited to, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes

or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where use of a PED is absolutely prohibited.

Students are prohibited from using PEDs to capture, record or transmit the words (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity.

No confidentiality expectation will exist in PEDs on school premises/property. Students are prohibited from using PEDs in any way that might create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 7:190, Student Behavior. Students are prohibited from using their PEDs to:

1. transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex, sexual orientation, age, disability, religion, or political beliefs; and
2. send, share, view or possess pictures, text messages, e-mails, or other materials of a sexual nature (i.e., sexting) in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using PEDs to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their PEDs to receive such information.

Students are personally and solely responsible for the care and security of their PEDs. The School Board assumes no responsibility for theft, loss, damage, or vandalism to PEDs brought on to its property, or the unauthorized use of such devices.

Parents/Guardians are advised that the best way to contact their child during the school day is by calling the school office. Students may use school phones to contact parents/guardians during the school day.

Possession of personal wireless communication devices by a student is a privilege, which may be forfeited by anyone who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

A person who discovers a student using a PED in violation of this policy must report the violation to a building administrator.

Student Participation in Virtual Meetings Notice

Students and staff may participate in virtual meetings taking place as part of our learning environment through platforms like Microsoft Teams. We have adapted to support this practice while prioritizing privacy and behavior expectations. We ask that all Geneva 304 families take a moment to review this notification regarding student participation in virtual meetings for the 2023-24 school year.

As part of supporting student learning, school staff may provide various virtual learning opportunities to students. These virtual opportunities will be provided through third-party virtual platforms such as Microsoft Teams and may include individual, small-group or whole group instruction, education or related service sessions via videoconferencing, livestreaming and/or recorded instruction or education sessions.

Student Privacy and Confidentiality Issues Related to Livestreaming or Recorded Lessons

District staff may also utilize livestream in-person and remote classes and provide student access to recordings of in-person or remote instruction or education sessions. These livestream sessions and recording of livestream sessions will include students' questions, responses to teacher questions, and contributions to classroom discussions. These recordings are not student records under federal or state law and will not be maintained by the District on behalf of any students. The videos will only be available for a set period of time established by school staff. Students participating in livestream lessons or watching recorded lessons should be in a quiet, school-work-designated space and/or using headphones to promote privacy and confidentiality. Student devices should be non-public facing. Students and parents must maintain information learned about other students who may be participating in a discussion or educational activity in a confidential manner in the same manner a student is expected while attending in-person instruction. To promote privacy related to each individual student's offsite learning environment, students participating in livestream or virtual learning instruction and education sessions will be provided access to a District 304 virtual background and instructions as to its use.

Student Behavior Expectations while Participating in Virtual Instruction

Students participating in virtual instruction or education sessions are subject to the District's behavior code and consequences for violations of the behavior code. School staff will establish class norms and expectations related to appropriate behaviors and expectations for students participating in virtual instruction or education sessions. These expectations will apply to whole-group, small-group and individual instruction or virtual sessions. School staff will periodically access small-group virtual instruction or education sessions to monitor behavior and instructional expectations and provide guidance or directions to the students but may not be present for an entire small-group session. Students are encouraged to report violations of the District behavior code or expectations and rules observed during virtual instruction or education sessions to a staff member.

Parent/Guardian and Student Recording or Publishing of Virtual Instruction or Education Sessions is Prohibited Parent, guardian, or student recording, posting, publicizing, or distributing any live or pre-recorded instruction or education sessions on any social media platforms or otherwise is strictly prohibited. If the District learns that an instruction or education session has been recorded, posted, publicized, or distributed, the District will take steps to recover and/or remove the improperly recorded, posted, or publicized instruction or education material and pursue all civil and criminal actions available against any parent, guardian or student who violates this expectation.

Privacy Issues Related to Provision of Virtual Instruction Via Third-Party Platforms

Please be aware that the use of third-party virtual platforms creates potential privacy risks, such as risks related to encryption reliability, unauthorized access, data breaches and/or student access to non-school sponsored content. In addition, the virtual platform may use, maintain and/or disclose information gathered in connection with virtual instruction or education sessions for its own purposes, including purposes related to product development and/or marketing. While these privacy risks do exist, our staff will take reasonable measures to ensure the security of information exchanged while instructing students through these virtual platforms.

Student Assessment

Students are assessed in Geneva District 304 using a variety of tools. The information from these assessments is used to drive instruction as well as an indicator for support in a given area.

Data from all state assessments are kept in a cumulative record of your child's entire school career. The assessment schedule for this school year is included at the end of this handbook.

PART III–ACTIVITIES AND EVENTS

Field Trips

Field trips are an important part of the school program. They are carefully planned for various units of study. Permission slips are sent home prior to all trips. If necessary, a fee will be collected from parents to pay for admission.

Outside Recess

If possible, students will participate in an outside recess to give them an exercise break. Please help your child dress appropriately, especially in the winter. Students will remain inside for recess if the temperature with wind chills is 0 degrees or below. The school principal will use discretion in cases of other circumstances concerning safety on the playground and recess.

PTO

Your Parent-Teacher Organization (PTO) is a valuable source of support. Members sponsor special events and fundraisers and provide volunteers for many of the activities your students enjoy. Every parent is encouraged to become involved. The PTO Directory contains a list of the school faculty, the school calendar, PTO programs, and officers. These are available online.

PART IV – SCHOOL SERVICES

Food Service

Hot lunches and milk are available to students in the school cafeteria and may be purchased one of two ways. Parents can pre-pay for lunches with an electronic check or with a credit card on the school District's online payment program or by sending a check with the child's name on it to the school. Every student has his/her own individual debit account to purchase meals. Students may bring a sack lunch if they prefer. Applications for the Illinois Free Lunch Program are available at the school or District office. PushCoin, <https://www.pushcoin.com>, is the district funding source providing parents and guardians a quick, convenient process to pay for hot lunch service. PushCoin delivers convenient reports on lunch purchases and low balance notices. The system accepts e-check credit and debit card forms of payment to fund your child's account. *Processing fees for credit/debit card apply.

Hot Lunch Substitutions

All meals served must meet patterns established by the U.S. Department of Agriculture. If a child's doctor has identified special dietary needs or a medical diagnosis that would prevent the child from eating a regular school meal, the school will make substitutions at no extra charge. If your child requires substitutions, please contact your school office for more information.

Health Services

Annual Student Health Summary

An annual student health summary must be completed by the parent/guardian and submitted to the school nurse at the start of each new school year as part of the annual, electronic student verification and registration process. Parents should document their child's chronic health conditions, life-threatening conditions, medications, and therapeutic regimens on the annual student health summary. Parents are also advised to make personal contact with the nurse at the start of each new school year.

Physical Examination with Immunization Summary

A complete physical examination is required for entrance to Pre-K, Kindergarten or First Grade (first entry), Sixth and Ninth grades. This physical must be completed within one year prior to the first day of school attendance. The exam must cover all required elements as listed on the two page "Certificate of Child Health Examination" form. The form requires both completion and signatures from the parent/guardian and the examining practitioner.

The physical examination and immunization summary are due before October 15th of the school year. Noncompliance will result in exclusion from school. Also, to pick up their Fall schedule, High School students are asked to submit these documents or have proof of an appointment scheduled prior to October 15th.

In state transfer students are required to comply with the physical examination and immunization requirements of the grade they are entering. Out-of-state transfer students will need a physical exam/ immunization completed in compliance with Illinois standards and dated no more than one year before the enrollment date. All forms must be submitted within 30 days.

In accordance with state law, medical or religious objections to any health requirement are to be submitted on the same schedule as the requirement.

Specific immunization schedules and additional health requirement forms are available through the school's nurse office or the District website, <https://www.geneva304.org/HealthServices.aspx>

Tuberculin Skin Test

A tuberculosis skin test screening shall be included as part of each health examination *IF* the child resides in an area designated by IDPH as having a high incidence of tuberculosis, is exposed to a high-risk individual or is in a high-risk group or has recently immigrated from or traveled to a high-risk area.

Lead Screening Requirement

The requirement that children must be assessed for lead poisoning applies to children six months through six years of age. Proof of blood testing or screening must be submitted to the school for all children *entering day care, preschool, or Kindergarten*. The examining clinician or nurse shall use the "Childhood Lead Risk Assessment Questionnaire" provided by IDPH.

Additional Health Examinations

As per the Illinois Child Health Examination Code additional health examinations and further evaluations of students may be required when deemed necessary by local school authorities.

Dental Examination Requirement

Before May 15th of each school year, all children in Kindergarten, Second, Sixth, and Ninth grades shall present to the school proof of having been examined by a licensed dentist. The examination must have taken place within 18 months before May 15th of that school year. Students who do not submit a Dental Examination may have their report cards held.

Vision Examination Requirement

An eye examination (history, visual acuity, subjective refraction, internal/external examination, and glaucoma evaluation) is required to be done on all children enrolling in kindergarten or enrolling for the first time in an Illinois school.

School Health Screenings

Vision and Hearing Screenings will be conducted on those students specified under the guidelines set forth by the Illinois Department of Public Health. A Vision and Hearing Technician certified through the State of Illinois will perform these screenings. Vision and hearing screenings should not be considered a substitute for regular examinations by an examining clinician. In addition, vision screenings are not a substitute for a complete vision exam by an eye doctor and do not satisfy the State requirement for vision examinations.

Emergencies

In case of an emergency, school personnel will handle the situation as quickly and efficiently as possible. If necessary, the school will call upon appropriate emergency services to transport the student to the hospital emergency room. Attempts to contact parents will be made.

Communicable Diseases/ symptoms of Illness or Injury

When a student is too ill or injured to attend school, parents/guardians should notify the school administrative office each day of the student's absence. Parents/guardians should state the reason for absence, and if illness is related, note the diagnosis and the current symptoms of the illness being exhibited each day. The Kane County Health Department may specify symptoms which need to be reported to the school for disease surveillance.

- Note: Coronavirus COVID 19- case management will be based upon IDPH/KCHD/ISBE guidelines.

The district utilizes the IDPH communicable disease school nurse guidance charts regarding exclusion for diagnosed illnesses. <https://dph.illinois.gov/topics-services/diseases-and-conditions/infectious-diseases/cd-school-nurse-guidance.html>

Additionally, the Kane County Health Department may specify symptoms which need to be reported to the school for disease surveillance at times of high disease prevalence.

Parents/guardians should follow the recommended procedures given below for a student's re-admission to school if the student has been absent due to:

- Conjunctivitis – Exclude if conjunctivitis is accompanied by symptoms of systemic illness or if the child is unable to keep hands away from eyes. Exclusion guidelines will be based upon diagnosis.
- Cough- Exclusion is recommended if the child is experiencing uncontrolled coughing or wheezing, having difficulty controlling their secretions, having difficulty breathing, becomes red or blue in the face, makes high-pitched whooping sounds after coughing or vomits after coughing. Exclusion guidelines will be based upon diagnosis.
- Diarrhea/ Vomiting- Exclusion until diarrhea and/or vomiting have ceased for at least 24 hours without anti-diarrheal medication. Prior to returning to school the child should have resumed a typical diet and fluid intake. Further exclusion guidelines will be based upon diagnosis.
- Fever- A temperature of 100.4 degrees or higher is considered to be a fever. If the student has been ill with a fever, they may return to school after being fever free for 24 hours WITHOUT the use of fever reducing medicines unless diagnosed with a communicable disease (refer to IDPH communicable disease charts for further exclusion criteria).
- Mouth Sores- Undiagnosed mouth sores should be assessed by an appropriate health care provider. Exclusion guidelines will be based upon diagnosis.

- Rash- Undiagnosed rashes need appropriate health care provider's clearance to return to school. Rash may be a sign of many infectious diseases; it is important to try to identify the cause of any rash-related illness. Athletic policies may have additional guidelines.

For illnesses and infections, the district may consult with the Kane County Health Department and/or the treating doctor. The school district reserves the right to request a doctor's permit for a student to return to school if the nurse and/or principal feel it necessary for the health of the student and school.

Infectious Disease Reporting

Mandated reporters such as health care providers, hospitals, schools and laboratories, must report suspected or confirmed cases of certain infectious diseases to the local health department as directed by the Illinois Department of Public Health. All reports are confidential and include the following: disease, patient demographic information, physician name and method of diagnosis if available. Please refer to the Illinois Department of Public Health for a list of Illinois Reportable Diseases.

Medications

Prescription and Non-prescription Medications

As per BOE Policy 7:270, students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian may request that the school dispense the medication to the child and follow the District's procedures on dispensing.

No school district employee shall administer to any student, nor supervise a student's self-administration of any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Procedure for Standard Medication Administration

1. The parent/guardian and health care provider will complete the *School Medication Authorization Form (SMA Form)* before the administration of any prescription or non-prescription medication at school.
2. The *SMA Form* must be completed annually (each new school year) or whenever there is a change in medication and /or dosage.
3. All medications should be provided to the school in an original container or vial, as provided by the pharmacist, with the prescription label affixed. Upon request, a pharmacist will supply two properly labeled containers, one for home and one for use at school.
4. The parent/guardian should discuss with the building nurse the supply of stock non-prescription (over the counter) medications.
5. Except emergency medication and otherwise approved medications, students may not possess or have on their person any prescription or non-prescription medication during school hours or school-related activities.
6. The parent/guardian is responsible for bringing medication **to the school** and for taking unused medication **from the school** when no longer required.
7. Medication will only be received by and/or returned to the parent/guardian by a nurse or building administrator.
8. Upon drop off, parent/guardian, nurse and/or building administrator will count and sign off for all controlled substances.
9. Medication will be administered by the registered nurse or under the building administrator's direction.
10. NO herbal, vitamin, or mineral supplements shall be possessed or administered during school hours.

Procedure for Emergency Medication Administration and Self-Administration

A student may possess and self-administer an epinephrine injector, asthma medication, or diabetic medications and supplies during school hours and/or school-related activities. The student's parent/guardian should complete and sign a *SMA Form* along with having proof of the prescription label (inhaler or epinephrine) and an Emergency Action Plan.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian and licensed provider has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan (e.g., diabetes), (3) an Allergy Emergency Action Plan, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act. The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim

based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

School District Supply of Undesignated Medications

The District may secure and maintain a supply of *undesignated asthma medication, epinephrine, and naloxone*, when available, in the name of the District and provide or administer them as necessary according to State law. Registered Nurses or trained personnel may administer an undesignated medication to a person when they, in good faith, believe a person is having a related health crisis.

Additionally, the District may maintain an undesignated glucagon supply in its name. When a student's individually prescribed glucagon is not available or has expired, a Registered Nurse or delegated care aide may administer undesignated glucagon when authorized to do so by a student's diabetic orders.

The provision for undesignated medications will be VOID when the District is unable to secure a prescription for, or the supply of the medication. Undesignated medications are not intended to replace individual student medications.

Medical Cannabis Infused Products

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student under one of the following procedures:

By A Designated Caregiver

1. A designated caregiver is a parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian as designated by the parent/guardian.
2. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if both the student and the designated caregiver possess valid registry identification cards issued by IDPH.
3. Copies of the registry identification cards must be provided to the District. The registration identification cards will be checked at the State's verification site. <https://medicalcannabispatients.illinois.gov/>
4. The student's designated caregiver and provider must complete, sign, and submit a *School Medication Authorization Form*.
5. After administering the product to the student, the designated caregiver immediately will remove the product from school premises or the school bus.

By School Personnel or School Supervised Self-Administration

1. A trained Registered Nurse or administrator will be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property, or while being transported on a school bus.
2. The student may self-administer under the direct supervision of a Registered Nurse or administrator after the appropriate paperwork and process have been identified.
3. Copies of the registry identification cards must be provided to the District. The registration identification cards will be checked at the State's verification site. <https://medicalcannabispatients.illinois.gov/>
4. The student's designated caregiver and provider must complete, sign, and submit a *School Medication Authorization Form*.
5. The product will be counted and checked in by a Registered Nurse and administrator (or two Registered Nurses) and stored in a designated locked area in limited quantity (2-week supply).

Key Points

- *Medical cannabis infused product* includes oils, ointments, foods, patches, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited, as is rectal, ocular, or injectable administration.
- CBD oils are unregulated and are not a substitute for medical cannabis and therefore are not allowed in the District.
- The products must be purchased by the designated caregiver from a licensed dispensing organization in a verifiable container.
- The product may not be administered in a way that, in the District or school's opinion, would disrupt the educational environment or expose the product to other students.
- A school employee shall not be required to administer the product.

- Discipline of a student for being administered a product by a designated caregiver, or by a Registered Nurse or administrator, or who self-administers a product under the direct supervision of a Registered Nurse or administrator pursuant to this policy is prohibited.
- The District may not deny a student attendance at a school solely because they require administration of the product during school hours.
- The administration of medical cannabis infused products by school employees will be VOID and the District reserves the right not to implement if the District or school is in danger of losing federal funding.
- Please refer to the BOE Policy 7:270 and related discipline and behavior policies for further details.

Medical Excuses from Physical Education and/or Recess

Students may be excused from class participation physical education and/or recess for up to three consecutive days by submitting a parent note. A request for an excusal from physical education participation of four or more days due to a health reason requires a note from a licensed provider. Students excused from PE due to a health condition must contact their PE teacher to discuss makeup requirements. The school district reserves the right to request updated medical notes from the provider to document continued need for PE and/or Recess excusal. Contact the school your child attends for further building specific instructions.

Elevator Use & Special Privilege Passes

When a student cannot walk stairs because of illness or injury, elevator service is available.

In general, student backpacks are to remain in their lockers during the school day. If a student has an illness or injury that would be aided by the use of a backpack during the school day, a pass may be issued with a note from parent and physician.

These and other special privileges will be issued at the discretion of the school. A monetary amount may be charged as a replacement fee for failure to return a special privilege pass or elevator key when issued.

Field Trips or Off-Campus Events

Parents/guardians should be aware that a registered nurse or emergency first responder will not typically be in attendance on the bus traveling to and from or at a field trip destination site. If a child has an order to self-carry an emergency medication, the parent/guardian is responsible to remind the student to take the medication with him/her to the event/on the field trip.

Pre-school, elementary, and middle school: Emergency, provider-ordered medications which the parent has provided to the building nurse's office will be sent on field trips. Parents/guardians are encouraged to speak to the building level nurse if additional planning is needed regarding their students' health conditions/medications.

High school: If a student has an order to self-carry an emergency medication, the parent/guardian is responsible to ensure that the student has emergency medication with him/her at the event. At high school, students' emergency medications will not be sent from the nurses' office unless previous arrangements have been made. Parents/guardians are advised to speak to the nurse if planning is needed regarding an upcoming field trip or off campus event.

Allergen awareness- supporting health and safety

Geneva CUSD #304 is committed to creating as safe a school environment as possible. Some people entering our buildings may be at risk of developing a life-threatening allergic reaction (anaphylaxis). Potential allergens in the environment and foods are of greatest concern in the school setting. The most common food allergens are peanut, tree nut, milk, egg, soy, wheat, fish, and shellfish. Some environmental allergens that may lead to anaphylaxis include insect stings, animal dander, and latex. Efforts are made at each level and in all school environments to reduce or minimize the presence of high-risk allergens.

Infectious Disease Reporting

Mandated reporters such as health care providers, hospitals, schools, and laboratories, must report suspected or confirmed cases of infectious diseases to the local health department as directed by the Illinois Department of Public Health. All reports are confidential and include disease, patient demographic information, physician name and method of diagnosis if available. Please refer to the Illinois Department of Public Health for a list of Illinois Reportable Diseases.

Homebound Students

Home/hospital services may be provided to a student when a physician licensed to practice medicine in all of its branches, a licensed physician assistant (PA), or a licensed Advanced Practice Registered Nurse (APRN) determines that the student will, or is

anticipated to be, absent from school for a minimum of 10 days during the school year due to a medical condition. For information regarding homebound eligibility and/or services, please contact your child's principal.

Bus Transportation

Transportation schedules and routes for the upcoming school year are developed during the summer months by the School District Transportation Department. Route schedules will be posted on the District website. One consistent pick-up and drop-off location, either at the daycare provider or the home residence will be honored, i.e., students may have a pickup at one location and a drop off at a different location (daycare or home) as long as pick-up and drop-off are consistent on a daily basis. Please keep in mind that **free busing is determined by the student's home address and is not determined by the location of the daycare provider.** Students residing 1.5 miles or more from school, or who live in a designated hazard area, are not charged for busing services.

For students who live within the 1.5-mile transportation boundary the current pay-rider fee is \$350.00 for students in grades K-5. If parents pay the fee prior to July 1st the District will offer a \$50.00 discount for students who live within the 1.5-mile limit.

Bus Transportation Notification of a Student Health Concern

If your child has a critical health issue, please contact the transportation department to provide information before school starts.

All bus drivers are licensed by the State of Illinois and strictly adhere to state standards of safety. Any questions regarding bus transportation services can be directed to the District 304 Transportation Department at (630) 463-3004.

PART V – POLICIES AND PROCEDURES

Attendance

Regular school attendance promotes academic success. It is the policy of the Board of Education both to enforce the compulsory education requirements of the State of Illinois and to encourage regularity of attendance to ensure the maximum educational benefit for students. Students are expected to be in school daily except in case of illness, family emergency or other valid cause. Please call the school office before 8:00 a.m. when your child will be absent.

If students are not in their classroom when the tardy bell rings, they must report to the office to get a pass. If they arrive on school grounds after 8:00 a.m., parents must escort them to the office to sign them in. They will be listed as tardy. If for any reason your child needs to be dismissed from school at a time other than the regular dismissal time, please send a note to the classroom teacher. If you are picking your child up during school hours, please report to the office and sign out your child.

The State of Illinois has requirements for daily attendance

Kindergarten & Grade 1	Full Attendance Day: 4 clock hours (less than 240 minutes is counted as a half-day) Half Attendance Day: 2.5 clock hours (less than 120 minutes is counted as absent)
Grades 2 – 5	Full Attendance Day: 5 clock hours (less than 300 minutes is counted as a half-day) Half Attendance Day: 2.5 clock hours (less than 150 minutes is counted as absent)

(NOTE: Lunch and recess times may NOT be included in the minimum time requirements for students)

Attendance Regulations

If a student is to be absent from school for any reason other than his/her illness, family emergency or other valid cause in the immediate family, the following procedures will be followed at the elementary schools:

- The student's parent/guardian must inform the principal in writing of their intent to remove them from school.
- At the request of the parent/guardian, teachers may provide or suggest supplemental reading, writing, or worksheets in advance. However, students will be given the actual class work and materials covered during the absence upon the student's return. Students will be provided with time equivalent to the time of absence to complete the work for credit.
- The request for supplemental materials in advance must be made at least seven days before the absence.

- Failure to comply with the above responsibilities will result in the loss of student credit for work completed after the due date.
- A chronic or habitual truant is defined as any student who has unexcused absences for five percent (5%) or more of the previous 180 regular attendance days. This was a new Board of Education policy beginning the 2015-2016 school year.

Bicycles

It is requested that only those students who live a considerable distance from school ride bicycles to school. It is recommended that all bikes be locked. Children in kindergarten may not ride their bicycles to school. Students in grades 1-5 may do so with parent permission. These regulations have been made to avoid bicycle accidents and alleviate congestion around the school. Students are encouraged to wear appropriate safety equipment, including bicycle helmets, whenever they ride bikes to school.

Pets at School

Due to student allergies and fears, pets are not allowed on school property during school hours or at drop-off and pick-up.

Directory Information/Photographs of Students

Geneva School District has designated certain student record information as “directory information.” In compliance with state law, directory information may be released to the public without prior written consent unless you as parent/guardian request that any or all such information on your child not be released.

The primary purpose of directory information is to allow the School District to include this type of information in school publications, including yearbooks, playbills, school newspapers, sports programs, honor rolls, graduation programs, District publications, newsletters, district-sponsored social media, and web sites.

The following information has been designated as “directory information:”

Name; local student identifier (Student ID); email address; address; telephone number; date and place of birth; photograph/video; major field of study; participation in officially recognized activities and sports; height and weight (if a member of an athletic team); dates of attendance; grade level, date of graduation; awards received; honor rolls; and scholarships.

The State of Illinois requires that student teachers submit video clips of their teaching and samples of student work for assessment by professional evaluators. In fulfilling this requirement, your child may be filmed. The materials gathered are submitted securely to electronic platforms maintained by Pearson, where only scorers may securely access them. No student’s name will appear on any submitted materials, and materials will be kept confidential.

For more information about directory information and its uses, see **Board of Education Policy 7:340 Student Records**. If you do not want the School District to disclose directory information concerning your child, in its entirety or in part, please indicate it in a letter to your school’s principal. Upon receipt, school personnel will make reasonable efforts to comply with the request. In the event that a child is photographed and releases his or her own name to a non-school photographer, the district will not be responsible for the subsequent publication of the student’s name.

Food Guidelines

To promote healthy choices and support a culture of wellness in our schools, along with our concern for children with food allergies, diabetes, and other dietary restrictions, Geneva elementary schools do not allow birthday treats in the form of food items. Additionally, food may not be used as a reward or incentive for student achievement.

While we enjoy celebrating student birthdays, we are no longer able to share any food items. If parents feel that they still want to send a non-edible “treat,” birthday items can include things like fun pencils or erasers, a gift for the classroom, stickers, etc. Parents should check with their child’s teacher to see if classroom-specific procedures are already in place for birthday celebrations prior to sending in non-edible treats.

Parent/guardian-provided healthy daily snacks are allowed if the teacher has a designated snack time of a child has a medical condition that necessitates eating in the classroom. Snack should be consumed only by their child and not shared with other children. Peanut and tree nut snacks should be avoided. Additional restrictions may be necessary due to medical diagnoses within the classroom.

Food will continue to be allowed at the PTO sponsored Halloween and Winter Holiday classroom parties. The ingredient lists for food at these two parties will be shared with all parents in advance by the classroom teacher to ensure the safety of all students with food allergies or other health concerns.

Incorporating food in the curriculum will, in general, be avoided, however there may be a need in some instances to have food in the curriculum. For food used in curricular activities, the teacher will provide ingredient lists and advance notice to all parents to ensure that the curricular activity poses no risk to any students. Additional restrictions may be necessary due to medical diagnoses within the classroom.

Physical Education

Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting. For other exemptions please see Board Policy 7:260

Students are required to wear appropriate athletic shoes for PE. Appropriate footwear helps ensure safety for students during the physical activity during PE. Students may not be permitted to participate in some activities if they do not have appropriate footwear. It is highly recommended that students keep a pair of athletic shoes at school. All PE shoes should have the student's last name printed visibly on the outside.

Student Records

The Board of Education has established **Policy 7:340 *: Student Records** to ensure the privacy of student educational records as required by federal and state law. A student record is the written history of the performance and activities of each child enrolled in school. This individual record will contain all the state and federal mandated information and any other information necessary to evaluate a student's progress.

Student records are divided into two parts: the permanent record, which is kept for at least 60 years, and the temporary record, which is retained for five years after the student's class graduates from high school.

Parents/Guardians of students under 18 have the right to inspect student education records (permanent and temporary). Copies may be obtained for a nominal fee.

All school records will be maintained under the student's legal name. A name may be changed on school records only by a court order presented to the school.

For more information regarding student records, see **Board of Education Policy 7:340 *: Student Records**.

Permanent records include the following information:

1. Basic identifying information, including student's name and address, birth date and place, gender, and the names and addresses of the student's parents
2. Evidence required pursuant to the Missing Children's Records Act
3. Academic transcript
4. Attendance record
5. Health record
6. A record of release of permanent record information; and
7. Scores received on all State assessment tests administered at high school level
8. Scores received on college entrance exams
9. AP Computer Science course designated as math
10. Student's achievement of the State Seal of Biliteracy and State Commendation Toward Biliteracy; and
11. Student's achievement of the Global Scholar Certification.

Temporary records may include the following information:

1. A record of release of temporary record information
2. Scores received on the State assessment tests administered in elementary grade levels
3. Completed home language survey form
4. Information regarding serious disciplinary infractions that resulted in expulsion, suspension, or imposition of punishment or sanction
5. Information provided under the Abused and Neglected Child Reporting Act
6. Any biometric information
7. Health-related information
8. Accident Reports
9. Family background information
10. Intelligence test scores
11. Aptitude test scores
12. Reports of psychological evaluations
13. Elementary and secondary achievement level test results
14. Participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations (may alternatively be included in permanent record)
15. Honors and awards received (may alternatively be included in permanent record)
16. Teacher anecdotal records
17. Other disciplinary information
18. Special education and Section 504 Plan records
19. Any verified reports or information from non-educational persons, agencies, or organizations of clear relevance to the education of the student
20. E-mail and correspondence records which contain student's personally identifiable information
21. Residency and enrollment documents
22. Class schedules
23. Summer school/ESY records
24. Transportation records
25. Signed Student/Parent Handbook or other Policy Acknowledgement forms.
26. Authorizations, waivers, and/or request forms (i.e., for field trips, free and reduced lunch, medication administration, etc.).
27. Investigation determination letters
28. Truancy documents
29. Order of Protection; and
30. Report cards and progress reports.

Release of Information to Non-Custodial Parent

Upon the written request of either parent of a student whose parents are divorced, copies of the following, which are furnished by the School District to the custodial parent, will be mailed to the non-custodial parent:

- Reports or records which reflect the student's academic progress
- Reports of the student's emotional and physical health
- Notices of school-initiated parent-teacher conference
- Notices of major school-sponsored events, such as open houses, which involve student-parent interaction
- Copies of the school calendar

The request needs to be made annually and will be denied in cases where a court order states records may not be sent.

Visitors

All visitors must report to the school building's main office.

When entering any Geneva school, all visitors are required to present a valid driver's license or other state-issued identification. The identification presented will be held in the main office and will be returned when the visitor leaves the building. The building secretary will enter the identification into the Raptor V-Soft Visitor Management System, which will cross-reference the visitor's information

with a database of sex offenders throughout the United States maintained by Raptor Technologies and any court orders provided to the District to protect students.

Individuals cleared by the V-Soft System will be issued a visitor badge and lanyard that must be visibly worn while in the school and returned to the school office upon leaving. If a potential threat is identified, The V-Soft system will instantly alert designated officials, such as administrators and law enforcement. In these cases, visitors will be denied access to the building.

While visitors are welcome to volunteer in classrooms and at schoolwide events, they will not be allowed during school lunch/recess hours.

Student visitors are not permitted to attend classes or school parties unless approved by the principal. Because classroom visits can be disruptive to the students, they must be scheduled ahead of time and approved by the school principal.

PART VI – SCHOOL RULES AND STUDENT CODE OF CONDUCT

Student Conduct and Discipline

The complete description of School Board policy regarding student conduct and discipline can be found in **Board of Education Policy Section 7**, which are available at each building and online at www.geneva304.org.

Students shall conduct themselves in a responsible and appropriate manner; shall act with due respect for the authority given by the Board to all District employees; shall act with due respect for the education purpose underlying all school activities; shall act with respect for the widely shared use of school property; and shall act with due regard for the rights and welfare of other students. All employees of the district share responsibility for supervising the behavior of students and for seeing that students meet the standards of conduct which have been or may hereafter be established by the Board and District administration.

Students are expected to be accountable for their own behavior going to and from school; in classrooms, hallways, and lunchrooms; on the playground and school buses; and at school-sponsored activities. Students are expected to fulfill their classroom obligations, respect the rights of others, respect the worth of others, and respect both school property and the property of others. The administration reserves the right to determine all disciplinary action. A student may be suspended from school or bus service for gross misconduct. In order that students know what behavior is expected of them, the following guidelines are offered. Parents are encouraged to review these with their child(ren):

To and From School:

For reasons of safety, it is expected that all students:

- Go directly to and from school
- Cross all streets carefully, at crosswalks, with patrols when present
- Maintain reasonable rules of conduct
- Walk on sidewalks only; do not “cut through” private property

At School:

Specific school rules for management of behavior will be distributed by the school.

On the Bus – From Board Policy 7:220

Please note that there is video/audio monitoring on every Geneva school bus. The same rules of conduct set forth in the Guidelines for School Bus Riders apply to school field trips while riding a Geneva bus or a charter bus. The way the students conduct themselves while riding the bus is of extreme importance:

- Wait at the designated school bus stops until the bus comes to a complete stop.
- Respect private property where bus stops are located.
- Do not lower bus windows below the safety line as marked on each window pillar.
- Always keep hands and head inside the bus.
- Do not throw anything out of the bus windows.
- Assist in keeping the bus clean; do not eat or drink on the bus and be careful not to mark or tear bus seats.
- Remember that loud noises on the bus divert the driver’s attention and could be the cause of an accident.
- Always remain seated, avoid blocking the bus aisle, and sit facing the front of the bus.

- Do not touch any of the bus controls or equipment unless directed to do so.
- Do not exit from the back door unless during an emergency or drill. In the case of an emergency, follow the procedures as practiced in the evacuation drills.
- Sit only up to three students per seat and allow other students to fill seats that are not at capacity.
- Remember that bus drivers may assign permanent seats if they choose.

There will be some limited medical exemptions.

Bullying – From Board Policy 7:180

“Bullying,” includes cyber-bullying and is defined as: any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student’s person or property
- Causing a substantially detrimental effect on the student’s physical or mental health
- Substantially interfering with the student’s academic performance, or
- Substantially interfering with the student’s ability to participate in or benefit from the services, activities, or privileges provided by the school

Bullying, as defined herein, may take various forms, including but not limited to harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

“Cyber-bullying” means bullying using technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectric system, or photo optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. “Cyber-bullying” includes the creation of a web page or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. “Cyber-bullying” also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying in this Section.

“Restorative measures” means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that (1) are adapted to the particular needs of the school and community, (2) contribute to maintaining school safety, (3) protect the integrity of a positive and productive learning climate, (4) teach students the personal and interpersonal skills they will need to be successful in school and society, (5) serve to build and restore relationships among students, families, schools, and communities, and (6) reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs in order to keep students in school.

Should a student be suspended, efforts will be made to reengage the student appropriately and effectively upon their return, such as a re-entry meeting with parents and student, assignment of a staff mentor, establishment of a check-in process, counseling services, and/or regular communication with parents/guardians.

Prohibited Conduct

Bullying based on actual or perceived race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the actual or perceived characteristics, or any other distinguishing characteristic is prohibited in the school district.

No student shall be subjected to bullying:

- During any school-sponsored education program or activity

- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from the school computer, a school computer network, or other similar electronic school equipment; or
- Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any non-school-related activity, function, or program.

Due Process – 7:140 & 7:190

The district provides appropriate notification and "due process" as required in all issues involving suspensions and expulsions.

Articles Not Permitted at School

The following items are NOT permitted at school:

- Skateboards, scooters, roller skates, rollerblades, and roller shoes
- Personal sports equipment
- Unapproved personal electronic devices
- Alcohol, tobacco, controlled substances, related paraphernalia, or lighters
- Any item which might be dangerous to oneself or others, such as knives, fireworks, guns, or any other item which may be considered a weapon
- Any item which would distract from learning or disrupt the classroom or the school
- Aerosol containers
- Any prescription or non-prescription medication, including herbal remedies

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities and disciplinary action may be taken, when appropriate, evidence may be transferred to law enforcement authorities.

Dress and Hygiene

To maintain an atmosphere conducive to learning, students are expected to dress appropriately both in school and at all school activities. For purposes of hygiene, shoes or footwear must be worn at all times during the school day. The wearing of hats, bandannas, or other headgear is prohibited, unless cited as a religious need and approved by principal after discussions with parent.

PART VII- EMPLOYEE CODE OF CONDUCT

[Faith's Law](#) requires that any staff, student, or parent handbook provided by the school district includes the Employee Code of Professional Conduct, which is [Board Policy](#) 5:120 "Employee Ethics; Code of Professional Conduct; and Conflict of Interest."

PART VIII – GENEVA 304 ADMINISTRATION

Superintendent of Schools: Dr. Andrew Barrett
227 N. Fourth Street (630) 463-3000

Assistant Superintendent for Business Services: Todd Latham
(630) 463-3030

Assistant Superintendent for Learning and Teaching: Ms. Shonette Sims
(630) 463-3040

Assistant Superintendent for Human Resources: Dr. Adam Law
(630) 463-3050

Director of Learning and Teaching: Dr. George Petmezas
(630) 463 3046

Director of Student Services: Ms. Anne Scalia
(630) 463-3060

Director of Facility Operations: Mr. Jeff Daurer
(630) 463-3020

Assistant Director of Student Services: Ms. Jamie Benavides
(630) 463-3060

Assistant Director of Student Services Ms. Melissa Groot
(630)463-3064

Director of Transportation: Mr. Matthew Johnson
(630) 463-3004
