

# GENEVA ACADEMIC FOUNDATION

Founded in 1987, Geneva Academic Foundation provides students with new educational experiences, ideas, and opportunities by funding grants for technology, services, programs, and equipment for students throughout District 304. We raise money with a variety of fundraisers (Honor Bricks, Chicago Steel Hockey Game, KCT Credit Union and more) throughout the year for items beyond the scope of taxpayer funding.

In addition to grants, each year GAF awards scholarships to graduating Seniors for their post-secondary education. For the 2019-2020 school year we awarded four \$2500 scholarships. We are pleased to continue to support our students as they enter this next stage of their education.

To join us at our next virtual board meeting, email [304gaf@gmail.com](mailto:304gaf@gmail.com). Everyone is welcome!
