

# Meet the **A/E TEACHER**

## **THE BASICS**

Hello! My name is **Mrs. Shannon Esposito** and I'm excited to say that I will be your child's Accelerated/Enrichment teacher this year!

This marks my 14<sup>th</sup> year at Mill Creek, and I am excited to dive in DEEP with both Reading and Math! I am thrilled to take this adventure with you. I just know we will learn and grow together. 😊

I reside in Batavia with my husband Mike and my two crazy boys. Dominic is in fourth grade and loves everything with math and technology. Luca, my youngest, will be a second grader! He loves art, climbing trees, and getting dirty. If life wasn't chaotic enough, we added two crazy pups named Frankie and Izzy. Needless to say, our house is never quiet!

As part of the A/E classroom, not only will we focus on the Reading and Math curriculum, but we will also work on learning appropriate study skills, public speaking techniques, technology, cooperative learning, problem solving, researching, creating projects, taking responsibility, and being accountable for work and effort.

Teaching is a profession where I get to continue my passion for learning. I will never stop learning and growing with my students. I will always try to find new ways to best meet my students' needs and to challenge them in authentic ways. I look forward to working together.

## **MY FAVORITES**
