

AFS Hosting Opportunity

AFS Intercultural Programs, a leader in international high school exchange

My name is Joaquim, "Quim" for short. I am a 16-year old AFS exchange student from Valencia, Spain. I am looking for a second semester host family in Geneva.

Here at Geneva High School, I have joined the Robotics Club and play Ultimate Frisbee. I also enjoy working out with friends.

I am flexible, easy going, and open to new experiences.

Could you open your home to host Quim for the second semester?

Host families provide meals, transportation, and a bed. Exchange students become part of your family!

For more information and to be considered as a host family, contact Nancy Banaszak:
